According to the given topic, a standout amongst the most prominent patterns of the present world is a colossal upsurge in the number of individuals believing that (*insert Topic*). Although there is a radical concern that this will just prompt a myriad of predicaments in people's lives, I don't altogether acknowledge this, and I will clarify why in the following paragraphs.

There are various contentions for my stance. The most prevalent one is that the topic can not only contribute to enhancing and improving one's life but also, lead to numerous other advantages in various fields. With its wide scope,

not only can one benefit more when it comes to being effective, but they can also thrive and excel in varied areas, with much ease, efficacy and comfort. In a nutshell, the topic stands one in a preponderant position, when it comes to enlarging their odds of success and perfection.

However, there are a few people believing that some aspects as discussed below, can without a doubt overpower the potential merits of the topic. The cardinal point is that thanks to its repercussions, it is not only people but also a society which can suffer immensely. Besides, the impact of the topic on people's life is far-reaching. Henceforth, it is clear why many are against the topic.

To conclude the eloquently written contentions, one can say that regardless of certain downsides the benefits of the topic are indeed overwhelming and thus cannot be ignored.
